

REMARKS

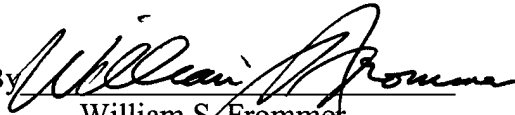

The amendment made to claim 5 is submitted after issuance of the Notice of Allowance. Entry of this amendment to claim 5 is respectfully solicited because this amendment adds to claim 5 the recitation of the "control section" that is in allowed claim 1 but had been omitted from claim 5. With this amendment, claim 5 recites substantially the same limitations as allowed claim 1.

It is respectfully submitted that the amendment offered to claim 5 does not add new matter; nor does it present any issues not already considered by the Examiner. It is recognized that the present amendment to claim 5 is not made as a matter of right. However, since this amendment does not alter the basis upon which the claim was allowed, it is requested that this amendment be made without withdrawing the application from issue.

Please charge any fees necessitated by this amendment to our deposit account number 50-0320.

Respectfully submitted,
